

## EDUCATIONAL INSTITUTION License Agreement

Caché is available through the Caché Campus Program in three license types: Academic, University, and Campus, as is described below. These license types may not be used in conjunction with applications purchased or sold by the Educational Institution.

- a. **Academic License.** This Caché license type supports academic activities that include teaching, basic research and initial development of applications and excludes all commercial activities. The use of the Academic license is limited to students and faculty. This license may be delivered in any capacity for any product type. The license is provided for a one (1) year term at no charge by InterSystems for the one-year term, and is fully supported for the term of the Agreement. Subject to review of past use for academic activities, and planned future use, the Academic License may be renewed for an additional one-year term. If application programs are initially developed using the license provided under this program and then these applications are deployed for use in supporting the operations of the institution, or other activities that are not academic, then the institution must obtain the a different license type to support these non-academic activities.
  
- b. **University License:** This Caché license is for use by an educational institution for it's own operations and educational purposes excluding commercial activities in which the Institution may be involved other than teaching and basic research. The educational institution will receive a fully supported license that is for a specified department or division of an educational institution, for use by students, faculty and administration. The license is valid for a term of thirty (30) years from the effective date of this Agreement. The educational institution will purchase a fully supported license, of any configuration or capacity, at seventy-five (75%) percent discount from the standard End User Price List for said product. Additionally, Technical Assistance/Update must be purchased, at the same discount level, for a one-year term.
  
- c. **Campus License:** This Caché license is for use by an educational institution for its own operations and educational purposes excluding commercial activities in which the Institution may be involved other than teaching and basic research. The educational institution will receive a fully supported Caché license that is for all departments, divisions, or campuses of an educational institution, for use by all students, faculty and administration. The license is valid for a term of thirty (30) years from the effective date of this Agreement. The educational institution will purchase a fully supported *Named User Enterprise (Multiserver)* license at ninety (90%) percent discount from the standard End User Price List for said product. Additionally, Technical Assistance/Update must be purchased, at the same discount level, for a one-year term.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date set forth below.
